Experience

Apatheia Investments, | Remote
Intern | 03/2024 - Present

I am responsible for enhancing financial reporting processes by automating the integration of new back test data into Fact Sheets aimed at prospective clients. My key task is to develop a dynamic update system using Excel, ensuring that all financial reports automatically refresh and maintain high-quality standards for client review.

Legal Aid of NorthWest Texas | TX, Dallas
Legal Intern | 05/2023 - 07/2023

As an intern, I worked closely with attorneys to develop cases, conduct research, and assist with community outreach. Under their guidance, I handled legal and factual research, helped develop case strategies, and sometimes prepare court filings. Additionally, I had the chance to attend court proceedings, prepare clients, interview expert witnesses, and contribute to areas like affordable fair housing and community development.

Skills

C#, Python, TensorFlow, Client Reporting Systems, Microsoft Office, Financial Reporting, Financial Analysis, Ability to work under pressure, Legal Research
